Indian Institute of Space Science and Technology – Thiruvananthapuram

MA613 Data Mining
Assignment-1

Date: 19-08-2014

1. Discuss the history of data mining.

2. Discuss the real world applications of data mining.

Notes

- All the files related with the assignment should be saved in a single folder and send to sumitra@iist.ac.in.

- Last date of submission: 28-08-2014.

- **As far as assignments are concerned, students are expected to observe academic honesty and integrity. Though the students can collaborate and discuss, copying directly other students' assignment or allowing your own assignment to be copied constitute academic dishonesty and is highly discouraged.**
